Dan has been working in the insurance industry for the last twenty-five years with twenty of those years being spent as a loss control representative. Dan has a degree in Industrial Arts from Oklahoma State University and another degree from The University of Central Oklahoma in Industrial Safety. His many years of industry experience, educational background and experience as a Firefighter/EMT all combine to make Dan a substantial asset in helping companies prevent and mitigate potential losses.

Dan recently retired from the Oklahoma Fire Fighters Association where he was a Captain and a Registered EMT for twenty-five years with the Mustang Fire Department. Dan teaches evening safety classes for two local vocational technical schools located in his area.

When Dan is not working or teaching, his hobbies include hunting, fishing, motorcycle riding, and flying.
